

Hey, Did you hear that two handsome men came in the apartment recently?

Are you talking about that two men? I saw them yesterday

Yes, one of them seems to be a foreigner, and they live on the 13th floor of that building

How to say, the behave of this two men is kind of strange, and is not like us----

What do you think about the relationship of these two men? Maybe----

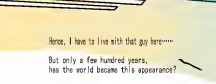

LET HIM GO!

CAN YOU BE MORE QUIET INSIDE?

A month ago……

When will I get rid of this guy and go back to heaven?!
